A lawyer who picks up the phone

You need a lawyer who takes the time to understand your situation and goals. Someone who is available to talk to you and will reply to emails quickly. We make sure you get that level of service throughout the process, ensuring nothing slips through the cracks.

Adding complicated legal jargon to an already stressful situation isn't helpful. We'll communicate with you in plain English and save the legal language for legal documents.

Keeping costs under control

You're already dealing with a lot and worrying about legal fees is the last thing you need. We start by weighing costs against benefits and

continue to do this at every step of the process. Because we assign tasks to the right people at the right seniority and skill levels, you aren't paying higher fees unnecessarily.
